

## Information for MEI Middle School 1:1 Program (2018-19)

As you know, MEI Middle School is a 1:1 school, meaning that each student brings their own device (HP Pavilion or Microsoft Surface Pro) to school. This sheet is to provide you with information about the program and information regarding the choice of devices for the 2018-19 school year.

We are providing Staples package prices below. Please note that any item may be removed from the packages below. Families may purchase the devices anywhere, but please note that only Staples offers the Education Plan which enables you to return a broken device to the store and to walk out with a new device the same day! Typically other stores send devices away for up to 6 weeks for repair. The plan is obviously valid for one device only. If used, customers again have the choice to purchase an Education Plan for the replacement device.

### Option 1: HP PAVILION LAPTOP

- 15.6" LED touch screen display with 1366 x 768 screen resolution
