GRADE 9 2021 – 2022 COURSE INFORMATION

This information sheet is not to be submitted; it is for your information only. Grade 8 students will be watching a course planning video at the MEI middle school between Feb. 16-19, 2021. Students will then enter their course requests using the MyEducation BC portal in their respective class between March 1-5, 2021. The MyEducation BC portal will remain open until 4:00 pm on March 12, 2021 if any changes need to be made by the parent and student. After March 12, changes must be done through Student Services at the secondary school. An individual Login ID and password to access the portal will be provided to each student by the teacher. To further assist students and parents in this process please consult the MEI Secondary Student Services website Resources which includes the 2021-2022 Course Calendar, all Application Forms (see QR Codes on this form) as well as the MyEducation BC course access and selection step-by-step instruction: <https://www.meischools.com/resources/course-planning-for-mei-secondary-students/>

Important Notes – Please read carefully

Note 1. The English department will make the final selection upon review of the student's grade 8 MEI academic English record. Request for English 9 Honours from schools other than MEI Middle must have a teacher recommendation. The final decision will be made by the English department.

Note 2. Students in the MEI Hockey Academy will meet the requirement for Physical and Health Education 9 by the end of their program.

Note 3. The science department will make the final selection upon review of the student's grade 8 MEI academic math and science record. Request for Science 9 Honours from schools other than MEI Middle must have a teacher recommendation. Recommendations can be sent by email to Mrs. Thiessen at dthiessen@meischools.com.

Note 4. If you want to take French 9 or Spanish 9 and intend to carry on with the next levels in grade 10, 11 or 12, you must select this elective. Please read the BC Second Language Information on the back of this sheet.

Note 5. Learning Support Blocks are for designated students only. In order to get a support block or two, students will be allowed to have their ADST or AE course(s) omitted. For more information about selecting one or two blocks see Mrs. Grimm or Ms. Hofenk in the secondary school Room 208 and 210.

Note 6. Junior Worship Leadership 9 is offered outside of the timetable. This course will not show up on the elective course options on MyEducation BC student portal. Student interested in applying for this class need to complete the online application form.

BC SECOND LANGUAGE INFORMATION

As you are considering whether or not to carry on your education with a second language beyond grade 8, it is important to take into account the following information:

High School Graduation Requirement

A second language is optional in grades 9 – 12 and is not required for high school graduation.

In order to take French or Spanish 10, 11 or 12 at MEI, students must have successfully completed French 9 or Spanish 9. Students can switch from French 8 and move on to Spanish 9 without prior Spanish knowledge.

University Admission Requirements

At this time a second language is not required for general admission to:

- ✓ British Columbia Institute of Technology
- ✓ Kwantlen Polytechnic University
- ✓ Trinity Western University
- ✓ University of the Fraser Valley
- ✓ University of British Columbia (Okanagan Campus only)
- ✓ University of Northern British Columbia
- ✓ University of Victoria
- ✓ Most other BC Colleges and Bible Schools.

A grade 11 second language is not required for students transferring to SFU or UBC after completing a full year of university transfer courses at UVF, KPU, TWU or Uvic, etc.

A grade 11 second language is required for direct general admission to Simon Fraser University and University of British Columbia (Vancouver Campus).

A grade 11 second language, or equivalent, is required for all students planning to complete a Bachelor of Arts degree at the University of the Fraser Valley. Students without an additional grade 11 language, will need to complete a first year modern language course as part of their university studies.

A grade 12 second language is required for all students planning to complete a Bachelor of Arts degree at the University of British Columbia (Vancouver Campus) even if they are transferring from another post-secondary institution

(PSI). Students without an additional grade 12 language must take a language as part of their university studies.

University of British Columbia no longer takes into account a "challenged" language 12 mark as part of calculating student average of their academic grade 12 courses for admission selection purposes. However, students wanting their modern language 12 (e.g., French 12 or Spanish 12) mark to count as one of their required academics, must take the language 12 as a classroom at MEI instead of challenging it.

Six Surprising Benefits of Learning Another Language

1. **Learning a new language could improve your memory.** There's evidence that learning vocabulary boosts memory, but it's more than just simple repetition. Delving into another language can make you more mentally alert because you're also paying attention to body language cues.

2. **Being bilingual can make you a better multitasker.** Science suggests that bilingual speakers demonstrate an increased capacity for problem-solving. Using cognitive muscles to navigate multiple languages can make you more adept at juggling tasks in other ways.

3. **Knowing other languages may encourage cultural appreciation.** Learning a new language could contribute to greater tolerance because of the exposure to a variety of cultures. Some studies show there is a correlation between being bilingual and having a more positive outlook.

4. **Speaking other languages can make you a better communicator.** It's not just about knowing how to express yourself. It's also about the ways other languages can help you understand your own.

5. **Learning a language can encourage creativity.** One of the natural outcomes of being versed in another language is immersing yourself in that culture. The process can spark connections and shift paradigms within your own world.

6. **Being bilingual may make your brain bigger.** Research suggests that being bilingual has noticeable benefits when it comes to the size of your brain, particularly growth in the cerebral cortex and hippocampus. Like the other muscles in your body, the brain can get bigger with exercise. One of the best ways to keep your mind active is to learn, speak, and read in other languages.

How to Enter Your Primary and Alternate Course Requests into MyEducationBC

Click Link below:

<https://myeducation.gov.bc.ca/aspen/logon.do>

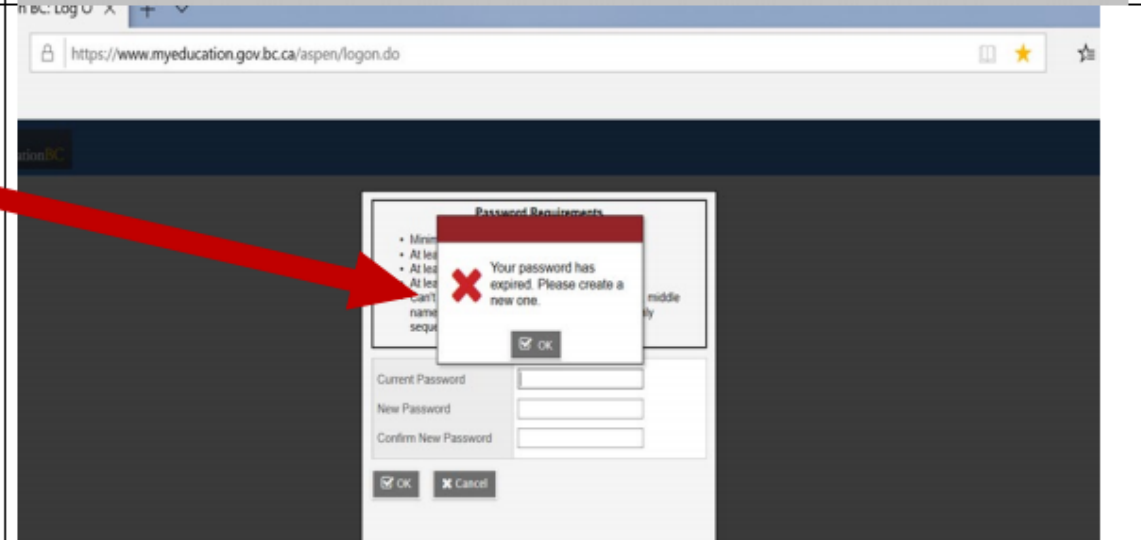

Step 1: Type in the following website:

<https://www.myeducation.gov.bc.ca/aspen/login.do>

Step 2: Login to the website with the **login information** from the email sent to which this document is attached. After logging in, you should immediately be prompted to establish a new password:

*please note that your temporary password is case sensitive

Step 3: Enter a new password. Please make sure to follow the Password Requirements. When you have written in your current password, a NEW password, and Confirmed that new password, click **OK**.

Make sure that you REMEMBER YOUR NEW PASSWORD. Write it down, put it in your phone, and give it to your parent/guardian. This password will be used repeatedly as you go through the course choice process.

The screenshot shows the MyEducation BC login page. A red arrow points from the 'OK' button in the text to the 'OK' button in the password change form. The form includes fields for 'Current Password', 'New Password', and 'Confirm New Password'. A 'Password Requirements' box lists the following rules:

- Minimum length is 8
- At least one number
- At least one capital and lowercase letter
- At least one symbol that isn't a letter or number
- Can't contain 'password', login name, first name, middle name, last name, date of birth, personal id, or only sequential letters or numbers

The 'OK' button is circled in green.

Step 4: After establishing a new password (and writing it down, giving it to your parent/guardian, and putting it in your phone), you will see the screen to the right. Click on **"My Info"**.

This will take you to a screen in which you can do a number of different things, but you want to go to the sidebar item titled **"Requests"**.

At this point, you should see a screen looks very similar to the one to the right. It will have your grade level at the top (if you're not in grade 11).

The screenshot shows the MyEducation BC 'My Info' page. A green arrow points from the 'My Info' link in the sidebar to the 'Requests' link in the sidebar. The page displays the user's name 'Paula, Alexa' and the school 'Independent Schools District A 2019-2020'. The sidebar on the left includes links for 'My Details', 'Transcript', 'Current Schedule', 'Contacts', 'Attendance', 'Assessments', 'Notifications', 'Requests', and 'Graduation Progress'. The 'Requests' link is highlighted. The main content area shows a 'Welcome to MEI Secondary Grade 11 Course Selection' message and a list of links for course selection information.

Step 5: Below the "Welcome" message, you will find two headings that require your attention:

Primary Requests

Click **Select** below **Primary Requests** and you will find all of your course choices laid out before you. All of the courses are described in the course calendar, which is linked above the requests area.

Alternate Requests

Click **Select** below the **Alternate Requests** and you will find a space to select courses that are not your first choice, but will be satisfactory if your first choices do not work out.

Step 6: Instructions and required number of credits are at the top of each **Requests** section.

You may scroll up and down in this area to see the instructions you must follow. There are multiple pages of course choices, so **page through** in order to see all of the course choices for your grade level

Grades 9/10 – many choices are made for you, as the Ministry of Education and MEI Secondary School require these courses of you. You do, however, have some elective choices that you must make.

Grades 11/12 – fewer choices are made for you; however, you must keep in mind which courses you need to graduate. If you are unclear about this even after you have read through the course calendar, please consult with one of our school counsellors.
