

BUILDING ON OUR SOLID FOUNDATION

For no one can lay any foundation other than the one
already laid, which is Jesus Christ.

1 Corinthians 3:11

Our Foundation

MEI's history is one that is characterized by tradition, perseverance and resilience. In May 1944, representatives of fourteen Mennonite churches in Abbotsford met to discuss the idea of starting a Mennonite high school. The mission was to establish a school that would focus on evangelical Anabaptist values while providing strong academics. In the fall of 1944, MEI Secondary School saw its first class of students walk through its doors – 44 individuals ranging from grades 9 to 12. In 1997, MEI expanded to include an elementary school, completing MEI's offering of education for students from kindergarten through grade 12. MEI Middle School opened its doors in 2004 in accordance with the BC Ministry of Education's movement to create a distinct educational experience for students in grades 6 through 8.

Today, MEI Schools stand on a foundation of tradition and excellence – maintaining a commitment to its founding mission of delivering high quality education encompassing distinct Christian values. **We invite you to join with us as we build on this solid foundation for the coming 40 years of Christian learning and growth.**
