

MEI CAPITAL FUNDRAISING UPDATE

Feb.13, 2023

We're Moving Forward!

With the **\$12 MILLION RAISED** so far, we are making preparations to begin the necessary seismic upgrades and renovations at the secondary school including the 20,000 square foot addition. God-willing, this work will begin in the summer months of 2023. Yeah! For the time being, we have put the elementary school addition on hold, but will revisit as donations come in during the 'Building Phase' of fundraising. We continue to make plans to update the track and build a multi-purpose sport court and walking tunnel under Downes Road. As funds come in, we will move forward on these pieces as well.
